PROJECTS

Physics Twilight Game App :
February 2019

I wanted to create a game that allow user to guess a letter. The game will display each incorrect guess the user makes.

Technologies used HTML, CSS, and JavaScript

Silent Hill Clicky-Application :
January 2019

The app should keep track of the user's score. Every time an image is clicked, the images rendered to the page should shuffle themselves in a random order.

Technologies used HTML, CSS, Bootstrap and Reactjs

Trivia Game Application:
November 2018

I created Trivia game the player will have a limited amount of time to finish the quiz. The game ends when the time runs out.

Technologies used HTML, CSS, Bootstrap and JavaScript
